D. D. DENMAN SAYS RAILWAY CONFERENCE WITH PREMIER

Vice-President of C.N.R. Announces Programme of Construction Work in Alberta During Season of 1911

PREMIER ANXIOUS TO HAVE CONSTRUCTION WORK RUSHED

300 Miles of Guaranteed Line Will be Finished and Much Work Done on Transcontinental and H.-B. Roads

D. D. Mann, vice-president of the Canadian Northern Railway, and partner of W. McKenna, in the McKenna-Mann interests, this morning had an hour's conference with Premier Sifton on railway construction work in Alberta. Mr. Mann, accompanied by General Macleod, Mr. Macleod, of the C.N.R., arrived in the city last night on his return from Regina, where he had been making arrangements for the expedition of work on the Pacific and the C.N.R. transcontinental, and he had called on the Premier at his office in the Legislature.

"The A.G.W. is in politics and we have made it our business to keep out of it," said Mr. Mann to the Premier this afternoon, when, following his interview with Premier Sifton, he was asked to give his assurance that the line to the north would be completed next year, meet with at least 100 miles of railway guaranteed by the province. The line from Vancouver to Calgary will be finished and the grade prepared for a distance of 75 miles south of the city. The branch line from Strathcona to Camrose will be built to connect with the Calgary branch, giving direct service from Edmonton to Calgary.

"No transcontinental a great deal of work has been done exclusive of the 200 miles on branch lines. We hope to build 200 miles west of the city next year. Contracts will be let in the spring for grading probably as far as the Yellow Head Pass to Edmonton to Hudson's Bay."

"Work on our line north of the Saskatchewan, where runs by way of Lake Louise, Battleford and Prince Albert to the Pas, Manitoia and the Hudson's Bay, will be built next year. This road will be the first west of the city to be completed. A shorter route could not be found. And what of the line to the north, building into the north country?"

THE DR. SHEARER INQUIRY.

Justice Robson Will Not Allow it to Become Too General.

Winnipeg, Nov. 20.—The features of the morning's session of the court were the charges against Dr. Shearer by the commission from Rev. J. A. Shearer to the court, questioning the commission not to close the case, it is able to be held within a month, and the evident intention of Justice Robson to not let the inquiry become too general.

The justice disallowed questions concerning conditions of the case, and the inquiry was held in the "Thomas street" district with conditions subsequent to its breaking up. The justice would allow the inquiry to be questioned as to his opinion on the inquiry. In the present situation, the justice taking the case, the inquiry is held in the "Thomas street" district with conditions subsequent to its breaking up.

COSTS OF INVESTIGATION.

Immense Expenditure Incurred in Race Track Inquiry.

OWING, Nov. 20.—The special commission which investigated the operations of the race track in Canada just season cost the country in wages and expenses in the investigation a sum of \$1,547.50.

BETTER RECOMMENDATIONS BETWEEN ATTORNEYS GENERAL, COMPTROLLER AND RAILWAY COMMISSIONER

Winnipeg, Nov. 20.—Hon. Charles Campbell and Rev. C. W. Gordon, chairman in an amicable conference this morning while the former was on the stand in the inquiry into Dr. Shearer's charges against the city of Winnipeg as to its immorality. After stating that in his opinion nothing could be further from the truth than the accusation of gross neglect of the justice in the administration of the segregation district, the Attorney General went on to characterize Dr. Shearer's statement regarding the morality of Winnipeg as a most bitter error that ever went before the public.

"If Dr. Shearer," continued the witness, "had stopped for a moment to consider the case of thousands of inmates in Eastern Canada and Europe who have children in Winnipeg, he would have had a good opportunity to see that his case was not so simple as he made it out to be."

Rev. C. W. Gordon (Harpis Connor) took up the cudgels in defence of Dr. Shearer and put the Attorney General through a severe cross-examination, in which there was a good deal of mutual recrimination. The Attorney General said he had formerly had a good opportunity to see that his case was not so simple as he made it out to be.

Alfred Adams shook his fist in the face of Rev. Charles H. Stewart, and demanded that the latter take an offensive statement in the effect that the name of Adams should be placed in the segregated area.

WORLD'S RECORD FOR ALTITUDE IS AGAIN EXCEEDED BY DREXEL

Intercept Aeroplanes Near 9,970 Feet Above City of Philadelphia in a Helium Machine—Went Up Until Barometer Atmosphere Made Further Progress Impossible—Last "Johnston" Retained.

Philadelphia, Nov. 20.—The world's record for altitude was again broken today when the Drexel balloon, piloted by Dr. Drexel, went up to a height of 9,970 feet, exceeding the previous record of 9,800 feet set by the "Johnston" balloon. The balloon was launched from the city of Philadelphia and went up until the barometer atmosphere made further progress impossible. The last "Johnston" retained.

Dr. Drexel left the balloon at a height of 9,970 feet, where it was caught by a net. The balloon was then brought down to the city of Philadelphia and the "Johnston" retained.

In his climb he had travelled at least 20 miles to the north, and he was then brought down to the city of Philadelphia and the "Johnston" retained.

BOMB OUTRAGE IN NEW YORK SALOON

Believed to Have Been the Work of K. K. Klansmen, Whose Blackmailing Plan Failed.

New York, Nov. 20.—The kidnapping of a woman in a saloon in New York City, which was believed to be the work of K. K. Klansmen, whose blackmailing plan failed, has resulted in a bomb outrage. The woman was kidnapped from a saloon in New York City, and the bomb was exploded in the saloon.

The justice disallowed questions concerning conditions of the case, and the inquiry was held in the "Thomas street" district with conditions subsequent to its breaking up. The justice would allow the inquiry to be questioned as to his opinion on the inquiry. In the present situation, the justice taking the case, the inquiry is held in the "Thomas street" district with conditions subsequent to its breaking up.

DR. PARKIN'S ADDRESS BEFORE CANADIAN CLUB

Eminent Canadian Educator Deals With Empire Problem Without Glove—In Canada Willing to Always Look to Great Britain and the Monroe Doctrine for Protection He Asks In Dealing With the Naval Question.

"The British Empire and its Problems" was the subject of an eloquent address delivered before the Canadian Club yesterday afternoon by Dr. G. R. Parkin, the eminent Canadian educator, who is now the chief trustee of the Rhodes Scholarship fund. The address, delivered in the lecture hall of the Kline Edward Hotel at one o'clock which was largely attended by members of the club. Mr. Parkin, the Canadian Naval Question, and the political destinies of Canada, and the United States were the principal themes on which Dr. Parkin touched in the course of a statesmanlike review of the problems of the Empire particularly affecting Canada.

Defers to Canadian Opinion.
Dr. Parkin spoke of the influence on the Empire of the thought of the people of its component parts. To the opinion of the Canadian people the greatest deference was shown. **Great Britain.** It made a great difference to the Empire here the more the Canadian West thought of the Empire, and yet it was not the experience in public life, the speaker confessed to him much more concerned about what Canada might think than about what it was thinking. If this was the case, the mind of statesmen there would be more statesmanlike and less political.

Australia's Position.
There had been much discussion of late in Canada on the question of militarism, a term that had been applied to some people, and in Australia. In this latter country where the influence of a rich continent was being inhibited, the people looked across the sea to their Australian neighbors who were saying "You are not occupying this country and who were ready at a moment's notice to swear over and take possession. On the other hand, the Chinese and Japanese who were saying and aggressive and ambitious people. It would be wise for Australia under those conditions to say 'No' to going to have militarism. The same was to be said of New Zealand and South Africa. If Canadians were living in South Africa, they would have to do just as the people there were doing, training their boys in arms from their public school days.

The Position in Canada.
What was the position in Canada now? The Dominion was enjoying the same advantages which the United States had for 100 years. But one day a war broke out with Spain and the fleet of the United States in Hong Kong harbor had to leave in 24 hours. One leaving it could not leave it or to any cooling station on the Chinese coast. The result was it had to attack the first Spanish port which it reached. The United States, on the other hand, thought it was free from militarism was spending a million dollars a day on its navy, and in short time it was spending at the rate of a million and a half a day.

Scott's Argument.
Some people in Canada said that had no need of a navy. The speaker had once discussed the naval question with Lord Bessborough at Ottawa. Mr. Bessborough had said "Why should we build a navy? Britain has got to protect Canada in any case, and also under the Monroe doctrine on which the United States has staked its political existence, Canada is again protected."

Samuel McCoy's Argument.

THE FINANCIAL AND COMMERCIAL MARKETS

MONDAY'S GRAIN MARKETS.
Winnipeg, Nov. 24.—Wheat, only slightly lower. Liverpool cables and firmness in American markets, the Winnipeg market opened steady and remained steady practically all morning, except in the case of November, which dropped $\frac{1}{8}$ of a cent. The result that December was selling out December and buying May was the result that December was lower and May remained steady.

No trouble was found in getting buyers for the December or selling May, and it is estimated that a large amount was transferred. The decline in December was $\frac{1}{8}$ at the close today was unchanged.

DEMAND FOR CASH WEAT.
Demand for cash wheat was good for all spot grades, as firms with stocks were endeavoring to secure enough to load them, as quickly as possible on account of official navigation closing at midnight November 24th. After that date only a few boats will leave as the increase of insurance is 10 per bushel, bid space for the boats. Set per bushel on the grain itself and in addition freight rates generally advance 10 per bushel, thus the extra charge will be approximately 20¢ per bushel, which practically prohibits shipping except in special cases.

Oats were fairly firm and at the close showed a decline of $\frac{1}{8}$ to $\frac{1}{4}$ of a cent. November unchanged. Hides for export were 2¢ out of line.

14 MINERS KILLED BY AN EXPLOSION OF GAS

Nine Entombed and Five Blown from
Mouth of Mine at Antlers, Okla.—
All Are Dead.—Mine Owned by
Asphalt Co. of St. Louis.

Antlers, Okla., Nov. 28.—Fourteen
miners were killed or entombed in

mine twenty miles north of here today. Five bodies have been recovered. The men were John Thomas, of the mining company, says there is no doubt that all were killed.

The bodies were recovered after the explosion was blown from the mouth of the mine more than 100 feet from the entrance. The cause of the explosion has not been determined, but is believed to have resulted from a gas leak.

The mine is owned by the property of the Cheyenne Asphalt Co. of St. Louis.

and arrives in Edmonton at 4.32 p.m. This is the first great push over the former mail route since the Monday mail coming from Edmonton in 29 hours four times the former Tuesday mail.

The new mail route from Manly to Onoway, a new post office named after the late Mr. J. H. Ferguson, settlement of Five Ridge. The post office is on the main line between W. of C. Ferguson is postmaster.

Mr. and Mrs. J. H. Ferguson and their family are staying with Mrs. Green's parents, Mr. and Mrs. J. H. Green, at Onoway. Mr. and Mrs. Green intend leaving for Winnipeg.

A concert in the interests of the Healdheaden Methodist church will be given at Onoway on Nov. 25th. The program to consist of songs, recitations and a play.

The L.D. 27 As have now started their school bus to Onoway, and also cut out the former general mail route to the township line between township 54 and 55.

The Ferguson threatening outfit have now started threatening in Healdheaden.

Nov. 24th.
